Dear Student

PROMOTING GOOD CITIZENSHIP IN TVET COLLEGES

Change to Broadway, 16 and centre

Being a good citizen requires each one of us to be actively involved in our communities and work towards the betterment of our fellow citizens. As a student in a TVET college, you can bring about positive change in your community in so many different ways.

Awareness campaigns are therefore being conducted across the country's public TVET colleges under the theme: South Africa belongs to all who belong in it. The aim of these campaigns is to educate students about tolerance and being good citizens.

It is envisaged that these campaigns will lead students to understand that:

- A good citizen participates in the voting process.
- ✓ A good citizen preserves animal life and takes care of endangered species.
- A good citizen lives in peace with all and helps to make the country a safe place to live in.
- ✓ A good citizen upholds the Constitution and the laws of the land.
- A good citizen takes care of the environment, recycles, reuses and reduces.
- ✓ A good citizen understands that parenthood is a life-long commitment.

Insert an appropriate picture in this position.
Resize the picture to fit the document on one A4 page
